10. Entero en la valija
11. Furia de las ovejas
12. Tank
13. Bed time

Comments of the authors

The Asado is one of the most discussed of all Argentine dishes, since there are no precise indications on how to prepare it. The proportions are not easy to determine and the beef usually goes on the grill with no preparation at all. Hyper Asado was recorded at Fabrica between January and July 2004
